Valachi's Testimony Has Ended

WASHINGTON, Oct. 30 (AP)—Without fanfare, the private testimony of Joseph Valachi, a reputed Mafia boss, ended today after a week of testimony before a Senate subcommittee.

The convicted racketeer and murderer was shipped into a closed session Tuesday for what apparently was his final day of testimony as he took lines of a crime syndicate he calls Cosa Nostra but favors to call the Mafia.

Subcommittee chairman John F. McClellan, D.-Ark., said Valachi was heard in closed session while he was giving information in which detail with current and planned criminal proceedings.

A subcommittee spokesman said Valachi was returned to a cell in the District of Columbia jail. Where he will go from there is a mystery.

Canada's Liberal Party Survives Censure Votes

OTTAWA, Oct. 30 (AP)—Prime Minister Lester B. Pearson's Liberal government has easily survived the two latest attempts to oust it over defense policies, including storage of nuclear warheads in Canada.

By a 210-27 vote Tuesday night, the house of commons defeated a no-confidence motion by Creditiste Leader René Caouette attacking the government for storing U.S. nuclear warheads in Quebec.

The Liberals now have survived nine censure votes since parliament convened May 16.

OTTAWA, Oct. 30 (AP)—Juicy sales of the new Penguin Report II put a polished account of the new report.

Queen Elizabeth II's stationery office reported Tuesday that the new Penguin Report II put a polished account of the new report.

A spokeswoman for the stationery office said the new report is a polished account of the new report.

Four Quints May Soon Join Family

ABERDEEN, S. D., Oct. 30 (AP)—Four of the Fischer quintuplets may join their family soon in a new home.

Mr. and Mrs. Andrew Fischer and their five older children moved yesterday from an old two-story frame farmhouse two miles from Aberdeen into a large, rambling home in a quiet, well-tended residential area.

The new residence will serve as a temporary home until the community finishes its promised \$100,000 home for the family.

Hospital authorities said all the quints were "fine." Administrator Sister M. Stephens said Mary Ann, the first born and eldest, probably will move to an incubator and then a bassinets as soon as she reaches five pounds.

She said the other quints would go home soon after their parents are settled in the temporary home.

Reapportionment Is Urged by McDéviu

ALBUQUERQUE, N. M., Oct. 30 (AP)—Senator McDéviu, a fiery young Idaho legislator, today urged reapportionment of Congress.

McDéviu is a "Democratic representative from Benewah county in Idaho. He is an attorney for an Idaho group that has a reapportionment bill pending in the state legislature.

He spoke during a panel discussion on reapportionment at the second day yesterday of the four-day western conference of the council of state governments.

McDéviu said federal courts have entered state politics only because the states defaulted.

Pointing to the disparity of representation in most western state legislatures, he said malapportionment was the same as stuffing ballot boxes or as the Russian system of not counting all segments the same.

News Around Idaho

KELOGO, Oct. 30—A spokesman for the United Steelworkers union reported progress Tuesday in contract talks with the Kellogg Mining company. The union's expired three-day strike ended Tuesday morning.

IDAHO FALLS, Oct. 30—Representatives of the Westinghouse Electric corporation and the Eastern Idaho Metal Trades council will meet with the U. S. mediation service Friday in an effort to reach agreement on a new contract. The union, which operates the nuclear reactor facility at the national reactor testing station, and the union have been negotiating for several weeks but talks bogged down Monday over the wage issue. The current contract expires Tuesday but the union and management agreed to meet with Don Edwards of the mediation service before taking further action. Union officials said Tuesday they have called a general meeting of members for Wednesday morning.

BOISE, Oct. 30—The Boise Construction Company, Portland, is the apparent low bidder for a two-mile highway interchange between Highway 801 and south of Idaho. The state highway department said the project, in Canyon County, is the largest of its kind in the state. The project, in Canyon County, is the largest of its kind in the state. The project, in Canyon County, is the largest of its kind in the state.

BOISE, Oct. 30—A suit seeking condemnation of 1,074 acres of land in Clearwater county adjacent to the proposed Dowsing dam and reservoir is on file in federal district court here. The suit, filed by the U. S. army corps of engineers, is against the state, individuals and Clearwater county as defendants. The engineers contend the land is necessary to construction of the dam and asks title to it under the power of eminent domain. The complaint also asks the court to determine just compensation to be paid the property owners. The defendants have demanded a jury trial for setting of the price to be paid them for the land.

IDAHO FALLS, Oct. 30—Utah-Idaho Sugar company Tuesday announced checks totaling \$584,641 have been mailed to growers in Idaho as final payment on the 1962 sugar beet crop. Grower M. Cannon, Idaho district manager for the company, said total payment for the crop amounted to \$4,585,146, a new record. The 544 growers for Utah-Idaho Sugar in the Gem state produced 328,395 tons of beets.

BOISE, Oct. 30—Police said today five teen-age boys have been arrested for sniffling glue fumes, causing them to become inebriated. The five, ranging in age from 13 to 16, have been placed in custody of probate court.

It's All in Day's Hunting—Deer Bagged and Baby Born

CEGAR CITY, Oct. 30—A California deer hunter almost waited too late to bag her deer Tuesday.

She is Mrs. David Gagne, Hacienda Heights, Los Angeles county, Calif.

Mrs. Gagne, in southern Utah, shot her deer about 4 p.m. at approximately 6 p.m. near Beaver.

Shortly after she began having labor pains. She and her husband headed for Cedar City and the newest addition to the family was delivered in the family home.

The baby, a girl, weighed 11 pounds and was born at approximately 11 p.m. The mother and baby are both well.

It is the third child for the Gagnes and Mrs. Gagne reports that it was the "easiest delivery I've had."

"That's leaving her in the hospital for the last minute of the last day of the month. Maybe even crowding it just a little closer," the doctor commented.

Mrs. Tom McVey Heads Cast New Orders For Madama Butterfly Here

Details of the classic Puccini opera "Madama Butterfly" which will be presented at 8 p.m. Saturday in the O'Leary Junior high school gymnasium have been announced by Mrs. Tom McVey and Mrs. Robert Carlson, co-chairmen of the Twin Falls Music club's presentation of the grand opera.

The full Boise Philharmonic orchestra, directed by Jacques Brouman, will play in the Twin Falls production.

Headlining the cast of soloists is Mrs. Tom McVey. The Twin Falls Music club's presentation of the grand opera.

Shirley, the role of Lieutenant Pinkerton, is Clair Johnson, Boise. Business Men's Assurance company, Boise, where he has lived since 1949. He was graduated from Utah State university, where he sang solo roles in many college productions.

Other male leads include Goro, the Japanese broker, sung by John Beauchamp, Boise, and Sharpless, the U. S. consul, played by Marvin Bloomquist, North Idaho college, Coeur d'Alene.

Bloomquist has been professor of vocal music at the Nampa college for six years and currently is working on a doctorate in music arts at the University of Colorado. Twin Falls audiences will remember him in his appearance last spring in "Ring Around the Rose."

Or particular interest was the casting of "Trouble," the little son of Butterfly. This always has been a difficult role to fill in the production of this famous opera.

Some producers have cast 14 different children to fulfill the engagement. Many aspirants for the role either are too young or too old (past 3 years of age).

It was Mrs. McVey herself who discovered little Jimmy, who plays the role in the Boise Philharmonic's production. Jimmy, son of Mr. and Mrs. James Smallwood, of Twin Falls, is the son of Mr. and Mrs. Clifton Smallwood, in Twin Falls, and Mrs. McVey discovered him and told him he was to play the part. Jimmy will be 3 in April.

"He is blond, blue-eyed and the most patient of little boys," says Mrs. McVey.

According to the scope of the opera, Lieutenant Pinkerton goes to Japan and marries Butterfly. Their son, Trouble, is blond in the plot and resembles his American father.

Singing the parts of Butterfly's friends and relatives will be members of the Chorus, a well-known Boise women's chorus, under direction of Mrs. C. Griffith Drait.

The Chorus will appear in authentic Japanese costumes, and Mrs. Aki Kawamura, formerly of Japan and since last December a Boise resident, serves as technical authority for the production. She has checked on all details for authenticity.

Mrs. Kawamura, host for the Chorus, has the fine art of singing.

Edith Howard was named manager of the sales contest. Sales captain is Julia Howard, sixth; Kathy Plavet, seventh; and Pat Ward, eighth.

Air Crashes

WASHINGTON, Oct. 30—The Pentagon has issued new orders aimed at preventing wars between newsmen and military police at the scenes of off-base military accidents.

There have been clashes for years. Under the new directive Tuesday MPs are told to ask "assistance of appropriate civil law enforcement officials in preventing compromise of classified material and in recovering all photographs, negatives and sketches which are presumed to contain classified information."

There was no explanation of how military or civil police would know immediately whether, for instance, a crash-damaged plane was classified or unclassified material.

Tug Search Is Dropped

PORTSMOUTH, Va., Oct. 30—After nine days of fruitless search in the Atlantic for the missing tug Melowax, the coast guard ended its hunt Tuesday.

The tug disappeared between New York and Charleston, S. C. She was last heard from Oct. 29 when she radioed her position as 50 miles off Norfolk, Va., sailing southward to the area where hurricane Olney was born off the Carolina coast.

The 105-foot Melowax carried a crew of four.

ing the "oh!" or broad sash that is worn with Japanese kimono. When it was found that the ivory hair ornaments were not available for members of the chorus, the chorists' American ingenuity found that knitting needles placed carefully in the hair gave the same effect as the genuine article.

Art Winslow, stage director, was in Twin Falls last week inspecting the O'Leary Junior high school gymnasium to see how the elaborate settings made for the Boise production would fit for the Twin Falls production.

Although the gymnasium poses some problems, Winslow plans to bring the entire stage setting to Twin Falls for Saturday's performance. The set design includes a mountain backdrop, waterfall and Japanese garden scene.

According to Mrs. Louis Thorsen, ticket chairman, general admission tickets to "Madama Butterfly" are still available at Twin Falls music stores and the Chamber of Commerce office. However, the reserved admission has been sold out. General admission tickets will be sold at the door the night of the production.

CHRISTMAS MUSIC

HI-FI RECORD

Music supplement to "The LIFE Book of Christmas." Fresh arrangements of old favorites, plus many new familiar carols, waltzes and plantings.

\$1.49 Per Copy

"The LIFE Book of Christmas" is unlike anything you have ever seen. You will see the story of Christmas retold through great religious paintings of the ages; also included are dozens of finely etched steel and wood engravings of picturesque Christmas scenes. You'll see brilliant original photographs that give new appreciation of the Christmas celebration. Most of the pictures are in vivid full color. Each of the three volumes is large; pages are 9 x 12 inches. More than 100 pages per volume, all printed on fine papers. Bindings are in rich colors; titles in gold; each volume has a look and feel of elegance. Volume One, "The Glory of Christmas," repeats the story of Christ's birth as told in the King James Bible and as elaborated upon by centuries of devout artists, writers and poets. Volume Two, "The Pageantry of Christmas," traces development of our Christmas traditions and customs. Volume Three, "The Meritment of Christmas," tells of the fun of Christmas, how to prepare the feast, and how to amuse the children.

Candidates For Jerome Give Views

Jerome, Oct. 30 — Mayor Paul Pratt said today that candidates who are giving the necessary views simply have failed to inform themselves of the facts of the approaching Fall elections for the post of mayor in the city.

Pratt continued, "We are one of the few cities in this area that don't have a sewer bond. It takes a direct charge to operate this system."

"I am interested in the city government," Pratt said, and "my association with the city has been a rewarding experience. I feel that we have contributed much to the progress of our town and we anticipate that we are going to be able to do more."

He said the present council consolidated the service of the city under the jurisdiction of one qualified man. "We eliminated deadweight to bring actual economy into the city government, not just promises. We are one of the few cities in the state who have pursued and effected a decrease in the total city bill. At the same time we have upgraded services and equipment with less actual expenditure of cash than ever before. The council is an interested, hard working 'shirt sleaved' group who understand the value of the dollar and conscientiously protect the interest of the taxpayers at all times," the candidate declared.

Mayor Pratt said there is still a great deal to be done and "We force the completion of our primary sewer system and are in the process of making surveys for sewer areas that will increase the efficiency and lessen the cost for succeeding councils and taxpayers."

Greenwald said if he is elected mayor the city will have more regular supervision. "The city of Jerome has honest and reliable employees, but there has been a breakdown between the council and the employees as the supervision," Greenwald charged.

Greenwald was councilman from 1957 until 1961 under two mayors, William Peters and Theron Ward. He did not seek re-election.

Homecoming Festival at Buell Slated

BUELL, Oct. 30 — Plans for an annual homecoming festival to be held at Buell on Oct. 31 and Oct. 30-31 are being completed today by the Buell school board.

Activities will begin with a parade at 10:45 a. m. with a local high class and organized bands. The parade will be featured with the Buell high school band and a drill team. The parade will march through the downtown section of Buell and will end in the football field.

Refreshments will be served at 1:30 p. m. with the musical program. The musical program will be given by the Buell school band and the Buell school choir.

Senior girls voting for the first homecoming queen are Judy Joslin, daughter of Mr. and Mrs. Jack Joslin, and Rosemary Weaver, daughter of Mr. and Mrs. Richard Weaver.

Members of the football team secret ballot will select the mascot. The mascot will be a senior princess. The queen court will include Carol Tvedt, daughter of Mr. and Mrs. Tvedt, Twedy, freshman princess; Darlene Van Weller, daughter of Mr. and Mrs. Harold Van Weller; sophomore princess; Laura Quigley, daughter of Mr. and Mrs. Ray Quigley, junior princess.

The day-long festivities will conclude with a harvest festival dance to be held 8 p. m. in the high school gymnasium. Erma Callies and Melvin Wilson are co-chairmen of arrangements.

Jersey Davis, who will serve as master of ceremonies, said special mention goes to the high school band with Don Hatt, instructor.

Sue Stille Will Speak at YWCA Lunch

The week of Nov. 10 through 16 will be commemorated by the YWCA and YWCA's of the United States as world fellowship week. In the local area, the Twin Falls YWCA and YWCA are fortunate in having Sue Stille, of the YWCA's international division, come to Twin Falls Monday. She will be speaking to club groups and working with committee members and the board of directors of the YWCA, explaining the world work of the YWCA. She stresses the position of world fellowship week and the understanding that we help people in other areas.

LDS Top-Pilot Classes Hold Flight Program

DECILO, Oct. 30.—LDS Top-Pilot classes held a flight program for mothers at the Decilo LDS chapel.

Teachers are Mrs. John Matheson, Mrs. Clara Richardson and Mrs. Afton Moon. Mrs. Matheson explained the Top-Pilot program. Mrs. Moon and Mrs. Richardson conducted a quiz program on the lessons taught in the primary classes.

Mrs. Matheson presented plans to the mothers and they were planned on by their mothers. Prayers were given by Phillip Darrington and Janet Matthews. Refreshments were served.

The YWCA of the U.S.A. to the Middle East on loan to the British YWCA. There she worked with nurses, women in the armed forces and other women workers in the war zone, first in Tiberian and Iran, later in Egypt and thereafter in Italy with the Polish army when it came into the Italian peninsula.

When the war was over Miss Stille was called to Germany to work for the world YWCA which has its headquarters in Geneva, Switzerland. In Hanover and in London, in the British zone, she helped thousands of men and women in the displaced persons camps.

In August, 1947, Miss Stille began a special assignment for Church World Service, setting up welfare work with the DP's who were emigrating to other countries. She returned to the United States in the spring of 1952 for a period of several months to direct the Ashland neighborhood center for the Chicago YWCA.

Born in Unionville, Mo., and a graduate of the University of Nebraska, she has had graduate courses in group work at Western Reserve university, Cleveland, O. Her experience in the YWCA has been extensive including camp director and youth recreational director in various associations. In addition to travel entailed by her YWCA work, she has traveled widely in this country, Europe, and the Near East and Mexico.

OFFICERS ELECTED
KECKHUM, Oct. 30.—Kirsty Bennett was elected new president of the Wood Gathers group of Camp Fire Girls. Other officers are Vicki Sabala, vice president; Peggy Bartolone, secretary; Renee Ueberauer, treasurer; and Linda Ray, scribe.

English Queen Practical Over Baby Outfits

By MARIANET SAVILLE
LONDON, Oct. 30 (AP)—For all her wealth and position, Queen Elizabeth is entirely practical about baby clothes and maternity outfits.

The queen, who is 37, has preserved the legacy of her 3-year-old son Prince Andrew, and will use it again for the child she is expecting early in 1964. Clothes, crabs, bottles, perambulators and other nursing paraphernalia from the time of her first birth all have been carefully put aside at Buckingham Palace where the new baby, her fourth child, will be delivered.

And the queen's maternity clothes from her last pregnancy also have been saved and will be used again. They may be a bit of remodeling of the dresses and suits by palace seamstresses, but very little new.

Queen Elizabeth takes a modern view toward pregnancy, and while all her official engagements must have been canceled until after the birth of her child, she will continue her normal private activities and also the loads of desk work she has as Britain's sovereign. She also will continue to see the prime minister and other ministers of the crown as the situation requires.

Her physician has pronounced the queen in perfect health, which she maintains by daily walks and other mild exercise at all times. Her gynecologist, Sir John Peel, is a strong advocate of daily walking for expectant mothers and this is no hardship for the queen who loves nothing better than tramping over the grounds of her palaces or the Scottish moors when on holiday.

There will be virtually no change in the queen's routine as she awaits the birth, and no special diet. She is not much for rich food at any time. Slightly inclined to plumpness if she does not, careful, the queen eats and drinks sparingly. She doesn't drink hard liquor but favors wine with meals. The wine will be eliminated at least in the last two or three months. The queen is a non-smoker.

As with all British mothers, Queen Elizabeth is entitled to have her child under the national health scheme which means at no cost, except for the taxes paid to support the program. Her child will be born, however, "privately" and the gynecologist and others in attendance before and during the birth will bill the queen as a private patient.

Apart from the absence of official functions there will be little different for the queen in her daily round as she awaits the birth—believed due in February or March although no date has been given.

Observance Of Special Day Set by Church

WENDELL, Oct. 30.—"Nation Building: A Channel for Peace" is the theme of the annual observance of World Community day at 2 p.m. Friday at the Wendell Methodist church.

The Rev. Jack A. Jennings will be speaker. Mrs. Paeth Eaton will be program leader and members of the Hugenmuth church will be in charge of the worship service.

An international exhibit will be featured. It will include handicraft and other items from all nations in the world. Anyone with items they want to display may contact the committee chairman, Mrs. Hugh Caldwell or Mrs. Fred Harms.

Social Events

United Brethren in Christ church members are having a rummage sale Friday and Saturday at the church behind the city hall. All items will be sold for 25 cents. Doors will open at 8 a.m.

National Guard auxiliary will host a hobo costume party at 8 p.m. Saturday at the armory. All guardsmen and wives from troop one and headquarters company are invited.

PM Club will meet at 1 p.m. Friday at the home of Mrs. Bruce Gordon, 101 Millmore street.

Past Matrons club meets at 8 p.m. Friday at the home of Mrs. James Springs, 226 Seventh avenue north.

Wheeling Stars Square Dance club will dance at 8 p.m. Saturday at the Bairdforum. Bring sandwiches or dessert. Visitors are welcome.

Magic Valley Iris society will hold a potluck luncheon at 12:30 p.m. Saturday at the home of Mrs. Floyd Bandy, two miles south of Motor Vu corner and one-fourth mile east. Slides will be shown and officers will be elected. Members are asked to bring own table service. Rolls and drinks will be furnished.

Costume Party Is Stated by FHA Members

EDEN, Oct. 30.—Plans were made for a Halloween costume party to be held Thursday at the Valley high school when the Valley chapter of Future Homemakers of America met at the school.

Colleen Ellis was elected voting delegate to represent the Valley chapter at the district convention to be held Saturday in Filer. All Valley chapter members plan to attend.

The FHA girls will make available the favorite recipe cookbooks. Meat and the dessert cookbooks will be available for use as Christmas gifts and salad cookbooks will be sold the evening of the party.

Sharon Metzler, president, presided at the meeting. Refreshments were served by Mrs. P. J. Bell chambers, group advisor.

Musician's Peals Appeal to Congregation

TROY, N. Y., Oct. 30 (AP)—St. Jude's Roman Catholic church in suburban Wyandkill has a new organist.

The fact is not so unusual, but then, consider the organist. He's Mike Clement, aged 12. The crew-cut Mike taught himself to play the musical instrument in a tavern two and one-half years ago.

Mike has never had a formal lesson, although he has studied piano, but such things as the technical names of keys and stops fall to him.

"I don't know what they're called," he said, "I just know how to use them."

And use them he does. The Hammond organ at St. Jude's has 36 stops, 120 keys, 14 preset levers and 24 foot pedals.

As a full-fledged church organist, Mike is required to have a repertoire of at least 50 hymns he does.

In addition, he sings the Latin responses during various services, including funeral and wedding masses. He said he can't translate Latin but gets "the general idea."

Mike was nine when he visited a friend of his father's at the tavern. To entertain himself, he began to play on the organ. A few times he had learned on the piano and, by the process of elimination, figured out the stops and foot pedal action.

The results so intrigued him that Mike asked the parish priest if he might practice on the church organ. There followed an hour on hour of practice alone each day in the choir loft, and it wasn't too long before he became infinitely assistant to the regular organist.

When the Rev. Thomas P. Tozer, pastor of St. Jude's, ordered him the organist's job, Mike was ready.

Any from the organ—benches, enjoys baseball, plays the violin and classical music and hamburgers. He averages A-plus in the church school's seventh grade.

Most mornings, the 12-year-old plays the piano before breakfast, then heads for church and sits at the organ for daily mass. He also plays several times a week for funerals and weddings and for two masses on Sundays.

"It's something, isn't he?" Mike's father remarked.

Kimono Clad Woman Is Not Modern Trend

TOKYO, Oct. 30.—If you think the kimono clad woman who steps from a plane on a visit to New York, London, Paris reflects the image of the modern woman in Japan—don't.

Japanese women, especially wives of our nearest official and businessmen, almost always show up abroad in the traditional Japanese kimono.

But the fact is the kimono in Japan today is almost as outdated as the bustle and hoop skirt. It is uncomfortable, difficult to get into and out of, especially with that waist-binding obi (sash). The dangling sleeves are liable to sweep the sash and pepper off the table. It hinders one's gait to pigeon step, and it's terribly bothersome to clean. In fact, at each cleaning, the whole thing has to be taken apart and sewn together again.

The kimono is worn abroad because a visit to foreign lands is an important event and the kimono is the right formal attire for any occasion.

Besides it's pretty and gay, and in those days of growing prosperity practically every girl can afford to buy one or two. Many of them are of high quality.

But there's more to it than that. One widely-traveled woman put it this way: "Japanese women generally aren't built for Western dress. The way Western women are. And the comparison shows Japanese women off to a disadvantage. But inside a kimono they feel safe. Any inferiority they might otherwise feel is compensated for by the knowledge of the uniqueness of their appearance."

Then, a kimono opens the way for a compliment and helps get a conversation going, something which in most Japanese women reared in feudal-mingled, prewar Japan are inept in strange company.

There's also the matter of being practical. While most women wear Western dress at home, they do put on their kimono for formal occasions. Wearing kimono abroad saves buying a new wardrobe.

Food for Americans

By GAYNOR MADDOX

Puerto Rican food was the lively theme of the recent annual Spices Trade association dinner for food editors at the Hotel Baltimore in New York. Carne Mechada (stuffed eye of round) was the featured dish. It is a chunky piece of beef, slit through the center, then stuffed with ham, salt pork and vegetables, skillfully spiced with onion and garlic salt or powder, then pot-roasted.

With a sharp knife make a deep crosswise cut from both ends of roast, extending to the center. Combine ham, salt pork, green pepper, olives, capers, instant minced onion and garlic, oregano, vinegar and oil. Stuff as much of the mixture as possible into the cavity. Meat shortening in a large heavy skillet. Add meat and brown on all sides. Add hot water, salt and remainder of stuffing. Cover and cook in a slow oven (325 degrees) two hours or until meat is tender. Place meat on a warm platter. Skim and discard excess fat from pan drippings. Add undrained mushrooms to drippings. Thicken with one tablespoon flour to each cup gravy. Stir and cook one minute or until of desired thickness.

Carne Mechada (Stuffed Eye Round) (8 to 10 servings)

- 3 1/2 to 4 pounds eye round roast
- 1/2 cup chopped ham
- 1/2 cup chopped salt pork
- 1 cup chopped green sweet pepper
- 6 chopped, pitted green olives
- 1 teaspoon capers
- 4 tablespoons instant minced onion
- 1/2 teaspoon instant minced garlic
- 1 teaspoon oregano leaves
- 1 teaspoon cider vinegar
- 2 tablespoons olive or cooking oil
- 2 tablespoons shortening or olive oil
- 1 cup hot water
- 1 cup salt
- 1 medium fresh tomato, diced
- 5 ounces can sliced buttered mushrooms

Wipe meat with a damp cloth.

They were married Oct. 19, 1913, at Republic, Mo., and moved to Tulsa, Okla., in 1915. They have four sons, nine grandchildren and one great-grandchild. Relatives attended from Missouri, California, Idaho and Connecticut. (Albion photo)

California Schools Try Team Teaching

SAN FRANCISCO, Oct. 30 (AP)—A number of California elementary schools are trying something new—team teaching.

Ordinarily each classroom is a self-contained unit. One teacher is responsible for all or nearly all of the day's teaching and activities.

A team teaching plan works this way: Four teachers team to work with about 115 children, approximately the total of their four classroom enrollments.

One teacher might have a special talent for science and arithmetic. Another might be a language arts. A third might specialize in social studies, a fourth in creative arts.

A single child thus receives his or her basic instruction from not just one teacher during a school day, but from four teachers.

Paint Flakes Brush Infant With Danger

CHICAGO, Oct. 30 (AP)—Those colorful little flakes of paint that chip off old buildings and walls look pretty small—dangerous.

But once popped into their mouths, the particles can cause permanent brain damage and even cause death.

The Chicago Board of Health since last summer has been warning parents to keep their children away from paint flakes.

Most of the cases in Chicago were of children under the age of 5.

Paint flakes, sometimes, cause sandman blindness, loss of vision with many layers of paint on them, plus contamination, plus the experience of parent's child up to the lead poisoning, the board said.

A child's constant state of hunger often brings on pica, an abnormal urge to eat everything in sight, the board said.

The board and the paint industry are working together to educate parents in the hazards of eating paint.

The health department explained that a child can be nibbling on paint all winter without a reaction. But once the rays of the sun begin to work on the bones of a child, with lead in his system, the poison spreads throughout the body and eventually to the brain. This is why

more cases crop up in the summer than the winter.

Health authorities agree that early reporting is imperative to save lives and to enable epidemiological studies which could help prevent future cases.

The paint industry says it has eliminated all lead from paint designed for home interior use. New and old but one per cent from paint with a drying component. Some states have ruled that paint containing lead must be removed before painting the porch.

Edward F. O'Toole, general counsel of the Paint, Varnish and Lacquer association, said that until 30 years ago all interior paints contained 100 per cent white lead. Today a non-toxic substitute material is used.

Martians "Invaded" U.S. 25 Years Ago

LONDON, Oct. 30 (AP) — Orson Welles' chocked back chuckle and said he was not the slightest bit surprised by the "Martian Invasion" radio drama that panicked Americans "every night."

Looking back, he didn't change a thing, the actor said. "I'm not a bit of a coward."

Welles' broadcast of "The War of the Worlds" on Oct. 30, 1938, and one million were disturbed by the broadcast.

It began at 8 p.m. on the CBS Sunday night "Mercury Theatre of the Air," featuring H. G. Wells' 40-year-old fantasy with realistically styled news bulletins, the Mercury players created this scene:

Planning subjects landed in New Jersey. "Things" emerged. As tall as skyscrapers, they waded the Hudson river to destroy New York. A mysterious death ray dealt instant death.

With Nazi Germany nibbling at the Sudenland and America involved by European war nerves, newspapers and radio stations were flooded by calls from frightened listeners.

A Pittsburgh man found his wife in the bathroom hysterically grasping a bottle of poison and crying. "I'd rather die this way."

A San Francisco man called police, volunteering to fight "the awful thing."

Toward the end of the hour-long drama, the Martians were on every subject under the sun, destroyed by some "hazardous" and "tremendous" "ending up a bit."

Ex-Convict Has Admitted Texas Murder

MIDLAND, Tex., Oct. 30 (AP) — A youthful ex-convict had admitted killing Mrs. Fred Turner, 66, wife of a wealthy oilman and tobacco owner. She was bludgeoned Tuesday during a burglary attempt in the family's palatial home.

Police said James L. Marion, 22, a Midland Negro, was charged with murder and jailed. He told officers Tuesday night "I don't want to talk."

Mrs. Turner was so badly beaten about the face that it was first thought she had been shot. Marion fled after dividing a daughter of the slain woman. Officers pulled him from an attic hiding place in a home two blocks distant a bit later and he admitted the killing.

Marion finished serving a state prison sentence for burglary last June.

Ford Firm Sets High Sales Record

DETROIT, Oct. 30 (AP) — Ford Motor company set a nine-month sales record this year, but its profit picture wasn't as rosy as that of Chrysler or General Motors.

Tuesday Ford became the last of the nation's three biggest auto makers to file its financial report for the first three-quarters of 1963.

Ford sales for the first nine months this year were almost 8.2 billion dollars, with profits of 346 million dollars, or \$3.14 a share. The previous record for a nine-month period was in 1962 when sales were about 8.1 billion dollars, with profits of 350 million dollars, or \$3.18 a share.

There was no comment on the decline in profits in the report to Ford shareholders, which was signed by Henry Ford II.

An examination of the figures told the story: Of eight domestic Ford cars only two—Ford and Mercury—showed an increase in the first nine months of this year over production for the same period of 1962. The Fairlane, Falcon, Thunderbird, Meteor, Comet and Continental showed declines. The Mercury Meteor was discontinued this year.

Explaining the small drop in profits, Ford spokesmen said increased costs of materials and increased wages are among the factors involved. They also cited "unusually heavy expenses in tooling up for our 1964 models."

DISCUSSING FOLDERS which explain the purpose of the United Fund drive and will be given out to local business firms and employees are Jim Kinney, chairman of division A advanced gifts section of the United Fund drive, left, and Armour Anderson, chairman of business section of division A. (Times-News photo)

Kickoff Breakfast Starts UF Business Section Drive

The business section of the advanced gift section, division A, of the United Community Fund, Inc. Twin Falls, started its campaign to raise money for the \$50,000 goal, set by the executive committee, with a kickoff breakfast Tuesday morning in the Casino room of the Depot grill.

The business section, which includes businessmen and employees, started its drive Tuesday morning and plans to run for about two weeks, announced Armour Anderson, chairman of the business-section of division A.

Anderson reported they will try to contact about 100 of some 600 businesses in Twin Falls for their donations. He also reported that through last year's drive and the help of last year's chairman, Howard Allen, many businesses in town are aware of the United Fund and its value and are happy to donate to the cause.

It was reported that when a business firm pledges, a red dot will be painted in front of the firm. When there is a 100 percent pledge, a white 100 percent will be painted in the dot.

Dr. Roy Shaub, chairman of division B of the advanced gift division, which includes professional men and individuals, reported his division's drive is going good and is above last year's drive.

The industry section and employees, with Kurt Moss as chairman, will get under way soon, Anderson reported.

Workers in the business section, division A, include Oren Fisher, Joe Ryan, E. N. Oyer, John Roper, Rex Praetor, Frank Feldman, Elva Cain, Ivan Skinner, Harold Cook, Grant Russell, James Sinclair, Merwin E. Heimbolt, John Angerhater, Lee Talkingdon, Tom Silvers and Gordon Cox.

New Leader Picked for Red Cross

WASHINGTON, Oct. 29—The American Red Cross is picking another army general as president.

It announced Tuesday that Gen. James Francis Collins will assume the \$30,000 a year post April 1, succeeding Gen. Alfred M. Gruenther, retiring after heading the national organization for more than seven years.

Red Cross Chairman E. Roy Harriman said Collins, a member of the army to the war, was the unanimous choice of the board of governors.

Health Care For Aged Hearing Set

WASHINGTON, Oct. 30 (AP)—The house ways and means committee will begin hearings Nov. 18 on President Kennedy's plan for health care for the aged.

Chairman Wilbur D. Mills, D. Ark., announced the group will hear testimony not only on the administration proposals, which ever drew enough support to win the committee's approval, but also on adequacy of the medical programs under the Kerr-Mills act which provides federal aid for state programs helping the indigent.

PTA Meet in T.F. Has Talk

Concern yourself with school legislation, Supt. Ernest Razland urged members of the Washington school PTA Monday night.

"School administration deals with dollars, visions and high hopes for tomorrow," he declared.

A skit written by Mrs. Gordon Beckstead, membership chairman, was presented. Mrs. Beckstead, Stanley Snow, Uriel Simmons, Bill Berry and Linz Cranball participated in the skit.

The Washington school safety patrol was installed. Mrs. Vern Mitchell is in charge of the patrol. Cliff Sharp, city police officer, administered the oath to patrol members.

John Coleman was named chairman of a safety committee to ask the city council to install warning and caution signals and safety crosswalks at Elm street, north and Filer avenue.

Bishop Edwin Cook gave the opening prayer.

Bonanza

LONDON, Oct. 30 (AP)—London airport was heavily guarded Tuesday for the arrival of big shipments of gold from Russia estimated at 10 tons, worth about 10.92 million dollars.

The gold was reported flown here for sale on the London market to raise western currencies to pay for Moscow's big wheat imports.

Unloaded from planes of the Soviet airline, the gold was taken into London in guarded trucks.

Party Planned

KETCHUM, Oct. 30—Annual Halloween party of the Sun Valley Union Pacific Junior Old Timers club is planned for Thursday evening at the Tram club.

Jerry Nordling, president of the club, announces there will be prizes for individual or couple costumes and two prizes for groups. Norris Ward and Wes McDorman will be in charge of the cider punch bowl and Ted Karroll is making arrangements for the buffet to be served at midnight.

Construction Is Under Way On Assembly of God Church

Construction has started on the new Assembly of God church at 189 Locust street north, announced the Rev. H. B. Walkup, pastor of the church.

Cement was poured for the educational hall Tuesday, which will measure 60 by 92 feet, and plans for a chapel and off-street parking already are completed, the Rev. Mr. Walkup stated.

The old Assembly of God church, at the corner of Fifth street and Second avenue north, was purchased from the Catholic school Dec. 16, 1947, and when the new one is built, will be sold. Land for the new church was purchased from the Twin Falls housing association in 1960.

The excavating was donated by W. R. Cooper and the labor for construction will be donated

center, and J. A. Novak. Both McElride and Novak donate their own time for the construction project. Cement was poured Tuesday for the educational hall. (Times-News photo)

Cotton Collects Michigan Version Of World Title

FLINT, Mich., Oct. 30 (AP) — Eddie Cotton, Seattle, jabbed his way to a unanimous 15-round decision over Henry Hank, Detroit, to win the Michigan version of the world light-heavyweight championship Tuesday night. Cotton, ranked the No. 1 challenger by the World Boxing Association, kept the younger Hank off balance through the early rounds and won easily.

FROM ALL ANGLES

By Larry Novy
Baseball in Major Valley is proving hard to kill.

A proposal, a long shot at best, has been made for entry into the Northwest league along with Caldwell. This move would expand the circuit to eight teams and stretch mileage to great lengths. Even the president of the league, although admitting the circuit would like to expand, sees little hope for it. In addition to that, the Phillies already have switched the Major Valley working agreement to Eugene, Ore., in that town the league would like to be much better. The Pioneer league was killed for lack of three teams and the Northwest would require two agreements.

There is another possibility, one that is just getting started. The circuit could be expanded to the facilities of the ex-Pioneer league to the major league owners as a rookie league. The current issue of Sporting News notes the majors are looking for such an alignment and may try to install one in Arizona.

As for the Pioneer league cities here is the heat of Arizona. The L.A. Dodgers pulled out of Phoenix two years ago and moved to Tucson, Ariz. They would rather fight the rain of the coast.

In addition, the Pioneer league is in pretty good shape. Caldwell is the eager as signing time as it appears to be now, would be the sixth city. And even better, the league would be in the first place, a rookie season is cut down to about 85 games, which would lose out the last member of the league early May. The league could start around June 1 and end in August.

Recently, the majors pick up all of the money and pay it at least and possibly a little more. A rookie league would mean little less in caliber of ball but it also would do away with the big veterans that have been local fans for years. Younger breaking in would mean a less interesting ball—nothing could be expected to follow the normal pace. Perhaps the league is happy a situation as watching the Mets.

And still looking at baseball, they are very pleased to inform you that baseball is interested in Warren E. (Ben) Jewell, the business manager without a club. Ben is figured to be one of the top contenders at three franchises, one of them about as high as a man can go. Ben isn't at liberty to discuss the prices and isn't sure he would want to leave Twin Falls. But as he points out, "It's nice to know there are people thinking about you without your even knowing about it."

Hawks Win In Overtime 109-103
NEW YORK, Oct. 30 (AP) — The St. Louis Hawks came from a points behind in the last minute of regulation play Tuesday night, then whipped the New York Knicks 109-103 in overtime in a National Basketball Association game.

John Hamill, scoreless up until then, scored two field goals within six seconds to trigger the Hawks into a 10-0 run. The Hawks scored four points as the Knicks raced into a 100-96 lead in the first three minutes of the five-minute overtime.

Until the sudden St. Louis upsurge, the Knicks seemed headed for their third straight victory.

Plante Ready To Leave Hospital
MONTREAL, Oct. 30 (AP) — Claude Jacques Plante has responded to treatment for a pneumonia condition as quickly as he has in the past. He is expected to leave the hospital in the next few days.

Plante, 24, was hit in the chest by a puck during the Montreal Canadiens' 4-2 victory over the New York Rangers in their first home game since the Boston Bruins' 4-1 win in the playoffs.

Plante, who is recovering from pneumonia, was hit Tuesday night after Plante had been in the hospital for several days. He is expected to leave the hospital in the next few days.

Plante, 24, was hit in the chest by a puck during the Montreal Canadiens' 4-2 victory over the New York Rangers in their first home game since the Boston Bruins' 4-1 win in the playoffs.

There were no knockdowns. The bout was staged under Michigan rules, which meant the higher score would be taken 60 seconds, rather than the usual 90 seconds, between rounds. This caused some confusion earlier Tuesday.

Cotton's manager, George Chermers, demanded the 60-second rest period be retained. He also demanded that the promoters put up a \$4,500 bond to guarantee Cotton his share of the gate receipts.

When it was pointed out that neither provision was in the contract, Chermers agreed to go through with the bout in Flint's arena auditorium.

It drew only 855 spectators. The gross gate was \$5,002. The victory was the 47th for Cotton in 63 fights. He has scored 17 knockouts. It was Hank's 11th defeat in 77 bouts. He has won 58, 31 by knockouts. He fought three draws.

This was the second with a "world title" tag in the city. The Michigan city, some 60 miles northwest of Detroit.

Bellamy Is Top Scorer in NBA
NEW YORK, Oct. 30 (AP) — Walt Bellamy, Baltimore Bullets, is the top scorer in the National Basketball Association after the first two games of play.

Walt Chamberlain, San Francisco, is in sixth place. He scored 22 points in the first scheduled game of the season. Bellamy has 175 points in six games and a 20.2 average. Bob Pettit of St. Louis also has a 20.2 average but has played one less game and is in second place with 161 points.

Ferry "Ding" Bellamy, 13th with 132 points and a 22.0 average, Oscar Robertson, Cincinnati, fourth with 130 and a 20.0 average, and Jerry West, Los Angeles, fifth with 114 and a 25.5 average. Next is scoring rookie Elmer "Sonny" Thacker, 12th with 102 points and a 25.5 average.

Dallas Coach Vows Shakeup
DALLAS, Oct. 30 (AP) — Coach Tom Landry of the Dallas Cowboys has promised a shakeup of the Dallas lineup for the start of the "new round" in the Eastern division of the National Football League.

Landry lamented the fact that Dallas repeatedly had good field position but couldn't capitalize on it in the 27-21 loss to Pittsburgh last Sunday.

"We were stopped four times without a score and that cost us the ball game," Landry said. "We should have come out with at least 100 points."

19 Winners Play In Almaden Open
SAN JOSE, Calif., Oct. 30 (AP) — The winners of 19 of the professional golf tournaments this year are in the field for the sixth annual Almaden Open starting Thursday.

Al Cleberger, former University of Southern California star, defends the title he won a year ago in the 1959 tournament. He is the only player to have won the Almaden Open twice.

Other winners include Dave Couvert, Liverpool, knocked out Harold Ginn, Providence, R. I., in 2 minutes, 44 seconds of the first of a scheduled 18 round lightweight boxing contest Tuesday night.

Big Six Tilt To Be Battle Of Statistics

SAN FRANCISCO, Oct. 30 (AP) — Statistics show interesting comparisons between the Huskies of Washington and the Trojans of Southern California who collide Saturday at Seattle in the football game which should decide the Big Six race and Rose bowl representative.

The Huskies lead in total offense, rushing offense and rushing defense. Southern California leads in scoring, scoring defense, total defense and passing defense.

In total offense, where the Huskies lead with an average of 321 yards for each of their six games, the Trojans rank second at 302. In total defense, where Southern California is slumped at 242 for four, Washington is second at 281.

Then in rushing defense, Washington leads the list giving up just 141 yards on the ground per contest while USC is fourth at 181. Just the opposite in pass defense USC has allowed only 60 yards per game through the air while Washington ranks fourth at 127.

The Trojans go into the game with a 4-2 overall record and Washington 3-3 with each 1-0 in the Big Six. The statistics are based on the full season.

California is the only other team to head a statistical trail, leading in passing offense with an average of 158 per game. USC ranks second here at 141 and Washington last at 96.

Cougars Conduct Long Practice
PULLMAN, Wash., Oct. 30 (AP) — Disappointed Washington state football coach Jim Sutherland kept his Cougars on the practice field well into the afternoon twilight Tuesday.

He was looking for "improved the strength," a commodity that the Cougars will need for their Saturday meeting here in the "Battle of the Palouse" against the University of Idaho.

Sutherland said he was very disappointed with the WSU forward wall during the last three games and will continue to nag them this week while he was anted up the Cougars are ready for the Vandals.

Sutherland said his team was in good physical shape except for split end Dennis Kluge, who is nursing a broken bone in his left hand.

Mantle's Bat Is No More Violent Than Grid Crash

CHICAGO, Oct. 30 (AP) — If, considered the same number of G's course, you never were hit in the baseball encounters when it went with a ball bat swung by is slammed for a homerun by Mickey Mantle.

But that's as much force as a college football player receives on his helmet each time he crashes into an opponent.

The helmet is subjected to blows of more than 5,000 times the force of gravity. This is compared to the impact of a space capsule.

The figures were reported today by Dr. Stephen E. Reid, an associate professor of surgery at the Northwestern university medical school in a talk before the National Safety congress.

Reid, a star guard on Northwestern's 1936 Big Ten football team, has been studying head injuries in football for two years.

In this fall's Northwestern games, fullback Bill Swingle and Steve Murphy have been wired with miniature electronic gear in their helmets and shoulder pads. The packet measures the blows, converts them into electrical impulses and broadcasts them by an FM radio in the shoulder pads to a telemetry station in the press box.

The entire device weighs six ounces. In the booths, the impacts are recorded on a high-speed, direct-writing oscillograph.

"The 5,000 G's are 4700 more than the maximum that experts previously have estimated for the force of blows on football helmets," said Reid. "The study has been undertaken to determine how efficiently helmets protect."

Russian Horse Entered in Race
LAUREL, Md., Oct. 30 (AP) — Ivory Tower, who finished eighth in last year's horse race while running under the name of Union, will represent the Soviet Union again in next month's Washington, D. C., International.

Laurel race course officials said today it was announced through the Russian embassy in Washington that Ivory Tower would be substituted for Ondra.

Ivory Tower, a 4-year-old Irish bred, will team with Byranek as the Soviets try again to capture the 1 1/2 mile Turf classic on Nov. 11.

Wharram Scores First Hat Trick

CHICAGO, Oct. 30 (AP) — Kenny Wharram of the Black Hawks scored the first hat trick of his seven-year National Hockey league career Tuesday night as the league-leading Hawks defeated the Detroit Red Wings 5-1.

In running their unbeaten string to seven games, the Hawks thwarted Detroit star Gordie Howe bid for a record-breaking 55th goal. Howe tied the record set by Montreal's Maurice Richard Sunday night. The 18-year veteran was held to four shots by the Chicago defense.

The triumph boosted the Hawks lead to six points over the 10th Toronto Maple Leafs.

Nicklaus and Palmer Plan More Rest Time

PARIS, Oct. 29 (AP) — The week in and week-out tournament grind is beginning to tell on golfers Arnold Palmer and Jack Nicklaus, and they are going to slow down next year. That's what both of them said Tuesday before departing for the Canadian international competition, a pump rat way to taking off much of the week.

"For five years, ever since I won my first masters, I have been under constant pressure," said Palmer. "The Pinks (Palmer and Nicklaus) are going to slow down next year. That's what both of them said Tuesday before departing for the Canadian international competition, a pump rat way to taking off much of the week."

I haven't really had any rest, although I've knocked off for a couple of weeks here and there. Every time I try to up my expectations to win, believe me, this is a tremendous drain on a man."

Palmer said he is reminded of a remark once made by the famous Walter Hagen: "In traveling down the highway of life, don't forget to stop and smell the roses."

"I think it's time I snuffed a few roses," the 34-year-old Palmer said, with a wry smile.

Palmer obviously was disappointed over his own performance here, particularly his putting. He indicated a fear of going stale.

"More than that," he added, "when I get home — which is rarely — my two daughters — Peggy, 7, and Amy, 5 — say 'Daddy, when are you going to take us to the movies?' or 'Daddy, why don't you take us for an airplane ride?' I just growl at them. That's not good."

Nicklaus is only 23 and a touring pro less than two years, but already he is beginning to feel the pressures of constant competition.

"I've been going for 10 weeks without a day's rest," Jack said. "In those 10 weeks, I have seen my two children for just half a day on two occasions."

"I don't like this kind of existence. My family is too important to me. I'm definitely going to slow down, starting next year."

Nicklaus has two sons — one 21 months old, the other seven months.

Palmer and Nicklaus, locked in a battle for No. 1 professional golf honors, don't intend to curtail their activities as sharply as have players like Ben Hogan and Sam Snead, but they say they do intend to relax their schedules.

Mathews Will Be Shifted To Left Field
MILWAUKEE, Oct. 30 (AP) — Milwaukee Braves starting left fielder next year will be the National League's best fielding first baseman.

While Mathews, who topped the third base averages in 1953 for the first time in his 12 major league seasons, played 43 games at left during various emergencies.

And, Manager Bobby Bragan says, "He's my left fielder, as of now."

"We're going to work with him from the beginning of spring training and I'm confident that he'll develop into a first class outfielder."

The 33-year-old slugger had a previous turn at the outfield in 1954, but returned to third after 10 games when a 20-year-old rookie named Hank Aaron appeared to be ready to stick in the majors.

Mathews stayed at third until last May 9, when young Benny Martin worked his way into the lineup, and returned to his primary position at intervals during the rest of the season when Roy McMillan was out of the lineup and Menke moved to short.

Baylor's Trull Moves up In His Effort to Retain National Passing Crown

NEW YORK, Oct. 30 (AP) — Baylor's busy Don Trull is moving up in his effort to retain the national passing crown by passing 135 yards in his last game.

Utah State Is Top Team On Offense

NEW YORK, Oct. 30 (AP) — Utah State is the nation's top team on offense, according to the NCAA statistics released today.

That is indicated by team statistics released today by the NCAA service bureau. The first 10 teams in the rushing offense include two of the four remaining teams and six that have lost only once.

The statistical decline of Navy, which keeps on winning, and the rise of Utah State highlight the team offense figures. Three weeks ago the Midshipmen were tops in three offense departments, last week in one and this week in none.

Utah State, already the scoring leader, shot to the top in total offense. The Utes lifted their points-per-game mark to 37.5 with a 40-14 victory over Nebraska held on as rushing leader with 227.1 yards per game.

Sportsmen Wanted on Ring Boards

PHILADELPHIA, Oct. 30 (AP) — A plan for governors to name only sportsmen and not politicians to state boxing commissions was voted Tuesday night by a former Pennsylvania state legislative committee.

Frank Wiener, 82, the former commissioner, said he is "against politicians running boxing or any other sport."

Wiener, speaking at the first national convention of the Veterans Boxers association, said, "Every governor should name only sportsmen to the boxing commission. Who are real sportsmen, not those who can get them the most votes who are behind them politically."

Low Tandler, one-time popular Philadelphia fighter, said better training and a safeguard against injuries, "is my day," he said, "we really trained, so that you never heard of any body getting killed in a fight."

Joe Gubner of Philadelphia was elected president of the national group. Jack Larkin of Carfield, N. J., and Tommy Kluth of Chicago were elected vice presidents.

Probe Set

BALTIMORE, Oct. 30 (AP) — A Baltimore grand jury was scheduled to continue its inquiry into the death of Baltimore boxer Ernie Knox, but there were no indications who would appear next before the panel.

Knox died of a brain injury 32 hours after he was knocked out in the ninth round of a fight in Baltimore with New York heavyweight Wayne Belue on Oct. 14.

Beathard to Resume Play On Saturday

LOS ANGELES, Oct. 30 (AP) — Coach John McKay said his University of Southern California Trojan will be using the services of quarterback Pete Beathard Saturday against Washington in Seattle.

Beathard, who suffered a slight ankle sprain playing against the California Bears last week, logged along the sidelines during practice Tuesday, and will definitely see action Saturday, McKay said.

The Trojan worked to control their offensive punch Tuesday in preparation for the bout with the Huskies.

The only Trojan definitely out of the game and perhaps for the season is center Larry Snuggs, who suffered a torn knee cartilage last Saturday.

Johnson's Play Helps Team's Rating

NEW YORK, Oct. 30 (AP) — Charlie Johnson's arrival as a top flight quarterback is reflected in the team statistics released today by the Associated Press.

The Cardinals also can move the ball on the ground with Bill Triplett and Jose Chiriboga carrying the mail. The St. Louis running total is 1,041 yards, topped only by Cleveland and Green Bay.

Johnson's passes to Bobby Joe Coleman, Sonny Landre, and Smith and Triplett are the big gains in the St. Louis attack that has rolled to 2,744 yards in 10 games.

Hill to Be Ready for Next Game

PHILADELPHIA, Oct. 30 (AP) — King Hill, Philadelphia Eagles quarterback, is expected to be ready Sunday for the Cleveland Browns despite a head injury suffered in last Sunday's National Football League game.

Hill, substiting for the Eagles No. 1 quarterback Sonny Jurgensen, suffered a concussion in the waning minutes of Philadelphia's loss to the Browns.

Jurgensen is out with an injured shoulder.

Dr. James Nixon, team physician, looked at Hill Tuesday and declared him "much improved," and said he should be ready for the game here Sunday.

Can Hill start, the Eagles will rely on Ralph Slaughter, signed last week after the extent of Jurgensen's injury became known.

Boise Loses Ground to Borah In Poll; Buhl Gains Top Ten

By The Associated Press
Borah, a five-year nemesis for grassroots rival Boise night, is rapidly closing the gap on the season-long leaders in the Associated Press Idaho prep football poll.

The only Trojan definitely out of the game and perhaps for the season is center Larry Snuggs, who suffered a torn knee cartilage last Saturday.

44 Records Topple at Auto Meet

DAYTONA BEACH, Fla., Oct. 30 (AP) — Forty-four world time records and 41 international class C records were shattered today for a 1964 Comet Gallie, which began durability and speed runs at Daytona International Speedway 20 days ago.

The Comet, passed the 100,000-mile mark Tuesday night in tests sanctioned by NASCAR and Federation Internationale de Motocyclisme. The records will be submitted to FIA for official confirmation. The car averaged 108.227 miles per hour.

Three other Comets continued circling the high-banked 2.5-mile track and were scheduled to pass the 100,000-mile mark today.

A team of 22 drivers handled the cars during the marathon runs, each limited to two hours driving, two hours of rest and two more hours of driving, or no more than four hours on the track in each 24 hours.

The specially-equipped Comets were driven by 200-horsepower engines with four barrel carburetors. They were equipped with roll bars and drivers wore shoulder harnesses, seat belts and safety helmets.

There were no serious accidents.

Seki Retains Orient Crown

SEMI, Japan, Oct. 30 (AP) — Mitsunori Seki of Japan retained his Orient featherweight title by knocking out Thailand's Biriul Takprakra in the third round of a scheduled 10-round fight Wednesday night.

The 21-year-old Japanese southpaw knocked the暹罗 fighter twice in the third round for mandatory eight counts before ending the battle in 1:37 seconds with a hard left to Biriul's jaw.

Packer Pair Feels Mean Before Game

GREEN BAY, Wis., Oct. 30 (AP) — A pair of the Green Bay Packers' prized offensive linemen told what they feel before National Football League game.

"I felt mean," said guard Jerry Kramer, whose efforts in Sunday's 34-20 victory over the Colts in Baltimore drew the compliments of Green Bay coach Vince Lombardi.

"I knew I had my work cut out for me," said tackle Paul Green, also according to one of the rare public affairs in the locker room.

"Not only did they play a game of a game Sunday but they been doing a good job all year," said Lombardi.

Kramer, who also does the Packer place kicking kept his feelings in addition to scoring 10 points on a pair of field goals and four conversions.

He cleared out the entire left side of the Baltimore line, the halfback Elmer Pittman's yards for the touchdown that the Packers added to stay in the final period.

Green, whose job put him back to face with Clint Marchant, Colts' great defensive end, said "I knew that if I didn't do a job, I'd be out of the game."

He was the only one who had let Baltimore Tom Moore, another of the injured offensive starters, be expected to be ready after last trouble.

But the availability of end Kramer won't be known until later in the week. The big pass receiver is sidelined with a knee injury received in the Colts game. He was not hurt as badly as originally suspected.

Denver Drops Coach and Puck Game

By The Associated Press
Denver lost more than a Western Hockey League game 4-2 to Vancouver Tuesday night. It lost its coach—for most of the game.

Instigated at a series of penalties that ended with Vancouver scoring while Denver was too men short, Coach Rudy Pilon of the Invaders protested so energetically he was whistled off the bench by Referee Bill Pepp midway of the first period.

The game was only action in the league Tuesday night. To night the teams will meet again and San Francisco will play in Portland.

In the Invader-Canuck contest there were 13 penalties, and Vancouver scored three times when Denver was short one or more players.

Three Pitchers Didn't Require Pinch-Hitters

NEW YORK, Oct. 30 (AP)—They did not have to use pinch-hitters very often for pitchers Gary Peters, Chicago White Sox; Bob Gibson, St. Louis; and Camilo Pascual, Milwaukee, in 1963. The three were just as liable to get on base as any regulars, Peters, a rookie,

Russ Vollmer Is Cited as Back of Week

MEMPHIS, Tenn., Oct. 30 (AP)—Being named Associated Press back of the week didn't upset Russ Vollmer's casual demeanor as he strolled about the Memphis State campus Tuesday accepting congratulations.

"Coach told me about it at lunch," he grinned. "He said I ought to talk 'em out of it but couldn't."

The quarterback was honored for his heroic comeback Saturday night that led to a 17-10 victory over Mississippi State and put the Tigers well on the road to their first unbeaten season in 25 years.

Knocked completely off the playing field in the first quarter, Vollmer was taken to a hospital for an examination. He returned in the second half to direct the winning touchdown drive.

Vollmer said Tuesday, "I didn't think I'd ever get an honor like this, and I was surprised a little embarrassed about it all."

"I think he's just one of the best," said coach Billy (Spook) Murphy.

Vollmer worked out with the team Monday despite his injured back.

"It was just fine," he said. "It was bad at first but I got better when I ran on it. I had a little doubt about getting back in the game, but I wanted to get back if the doctors said it was okay."

Vollmer, 21, is a native of Memphis. He is ruled by his father, a 10-month-old son.

Professional football or baseball is Vollmer's goal after graduation in June. He is a power-hitting center fielder on the Tiger baseball team last season.

Coach Is Convinced On Defense

PITTSBURGH, Oct. 30 (AP)—When the Pittsburgh Steelers colored the New York Giants 31-14 at Pitt Stadium a few weeks ago, coach Buddy Parker was convinced his defensive team was on the verge of greatness.

Now, after a series of lackluster defensive performances, he's wondering how to convince his players.

"I don't know what's happened to us," Parker said as his National Football League team prepared for the most crucial test of the year, against defending champion Green Bay Sunday. "We were great against the Giants but we haven't put together four good quarters since then."

"We've had our share of injuries but that's not a reason. We've just made too many mistakes, too many mental errors."

Since that victory over the Giants—upstaged by the greatest defensive performance by the Steelers in his seven-year coaching regime—Parker has won three out of five games. But in one of the defeats, Pittsburgh blew a 17-point lead late in the fourth period and bowed to St. Louis, 24-23.

And, though the past two games have ended in Steelers victories, over Washington and Dallas, it has taken some impressive fourth-quarter heroics to pull them out.

Despite their erratic play, the Steelers still remain in contention in the Eastern division with a fourth place record of 4-2-1 but with back-to-back games against Green Bay, tied for the Western division lead, and Eastern leader Cleveland, Pittsburgh will have to be at its best to stay a contender.

Football Strategists Eye Defense

By The Associated Press
Two master quarterbacks from the state of Georgia have gridiron strategists for two Atlantic coast conference teams — Duke and North Carolina — hard at work preparing for Saturday's games.

North Carolina will be host to quarterback Larry Rakestraw, the nation's third leading completion passer, and his Georgia team. Duke travels to Atlanta to grapple with Billy Loebridge and his Georgia Tech squad.

more than an hour Tuesday brushing up on defensive assignments against Georgia pass patterns.

Cong Hickey said he regarded Rakestraw as the finest collegiate passer in the nation and that North Carolina would work all week to perfect defenses to stop him.

The Tar Heels have been hard on passers so far this season. In six games, they have allowed opponents to complete only 38 of 112 tosses for an average of only 42.2 yards a game.

eight times for 61 yards against South Carolina.

Meanwhile, Duke worked on ways to stop Loebridge, the man who engineered the 20-0 defeat of the Blue Devils last year.

Loebridge is one of the most versatile college players in the nation. He runs, passes, does the punting and other kicking chores.

Duke has a 4-1 ACG record and is 4-1-1 over-all. Georgia Tech has a 4-2 record, including a 27-0 defeat of Clemson.

Price Boost Won't Hike U.S. Budgets

WASHINGTON, Oct. 30 (AP)—Housewives, relax for the time being—no war.

The government's economists see no danger that the autumn outbreak of price hikes in a dozen industries will unbalance the family budget.

Increases on items ranging from steel and aluminum to carpets and black pepper was followed perhaps by a one-time price rise for a few items.

The council said it wants to find out whether the increases "appear to be justified from the consumer point of view."

Arnold E. Chase, price chief for the bureau of labor statistics, told an interviewer:

"The wholesale price index for October may show a decline instead of an increase."

The increases on several steel products, even if passed all along the line to consumers, will be like those of last spring, Chase predicted: A few dollars on a car or tractor, a few dimes on a washer or refrigerator, but no measurable impact on the overall cost of living.

Spy's Wife Joins Him in Moscow

LONDON, Oct. 30 (AP)—Mrs. Harold Philby, American wife of the third man in the Burgess and Maclean spy case, has joined her husband in Moscow.

The British foreign office announced Tuesday that Mrs. Philby, 49, formerly Seattle, arrived in Moscow Sept. 20.

Philby, a former foreign office employee and Mideast correspondent for a British newspaper, was identified as the man who tipped British diplomat Guy Burgess and Donald Maclean 12 years ago that government authorities suspected them of being spies.

Burgess and Maclean fled to Moscow. Burgess died there in August.

Philby disappeared from Beirut last January.

Mock War

FRANKFURT, Germany, Oct. 30 (AP)—The mock war started today for the 15,000 men of the U.S. army's second and armored division flown from Texas to Germany during Exercise Big Lift.

The seven-day maneuvers started before dawn with an attack by an "aggressor" force from the third armored division. The defending second armored was deployed in an area stretching from Darmstadt, south of Frankfurt, to Pilsen, about 50 miles northwest.

In all, 40,000 troops will participate.

Menjou Is Mourned in Film Colony

HOLLYWOOD, Oct. 30 (AP)—Adolph Menjou, an elegant dresser who mourned the fading popularity of spats and knickers, was himself mourned by Hollywood today.

The veteran actor, whose career spanned more than 50 years and over 200 films, died of chronic hepatitis Tuesday at his Beverly Hills home. He was 73.

Menjou's third wife, the former Verree Teasdale, and their adopted son, Peter, 27, were at his side.

The actor had been in ill health nine months, his son said.

Menjou born in Pittsburgh, Pa., was film's epitome of the European gentleman.

His clipped mustache and precise speech, along with his dapper clothes, gave him the image. He said it was deliberate.

Menjou attended Cornell university where he wrote, produced and directed college theatricals.

Before World War I, he made screen love to such stars as Marguerite Clark and Norma Talmadge.

After the war, Menjou followed the film industry to California. He hit his stride in 1923, appearing in "The Three Musketeers" with Douglas Fairbanks.

"The Sign of the Cross" with Rudolph Valentino, and "Woman of Paris" with Charlie Chaplin.

From 1924 to 1929, he earned a reported \$7,000 a week. He signed a contract with MGM in 1927 for the same figure, but declined afterward to sign exclusive contracts and remained a free lance actor for the rest of his career.

In 1953-54, Menjou starred as narrator of a television series, "My Favorite Story."

CHANGES IN WORLD population over the past few decades are shown in News-Graphic, left. Length of bars indicates population of the 10 leading nations in 1900 (left) and in 1963 (right). Despite partition of British India into today's India and Pakistan, both countries are on the 1963 list. Indonesia (formerly Netherlands East Indies) has moved up. Brazil has become the first Latin American nation to make the "Big Ten." Of the 220 babies born every minute the world

over, more than half—140 a minute—arrive in Asia, as map, right, indicates. The population of the world was estimated at 3,180,000,000 in mid-1963—an increase of 500 million since 1950, equal to the entire population of the world in 1650. At present growth rate, there would be 18 billion people on Earth within a century. Data: The Population Reference Bureau.

Liberals Win Vote During Church Meet

CATHOLIC CITY, Oct. 30 (AP)—In an extremely close vote, the Episcopal council fathers Tuesday decided to include a discussion of Catholic beliefs about the Virgin Mary in a pending document on the church.

The decision, by a scant margin of 40 votes out of more than 2,000 cast, was a crucial victory for council liberals who favored this approach.

Many conservative bishops had campaigned actively for a long, separate theological document on Mary. The liberals feared this would widen the considerable gap which already exists between Catholics and Protestants on this subject and make Christian unity harder than ever to achieve.

63 Miners Are Okay After Mishap

JOHANNESBURG, South Africa, Oct. 30 (AP)—Sixty-three miners trapped in an elevator shaft of one of the world's deepest gold mines emerged safely Monday night to be greeted by jubilant relatives and friends.

All the miners were pronounced in good shape. Thirteen were trapped for 12 hours in a cage nearly a mile

below the surface. The other 50 spent 14 hours in another cage at the 1,000-foot level.

A mishap in the lift machinery which fatally injured a workman, caused the cages to become stuck Monday. The accident occurred at a mine near Carletonville, 60 miles southwest of Johannesburg.

Sunday School Officers Named

SHOSHONE, Oct. 30—Sunday school officers have been named for the Assembly of God church.

They include Mrs. John Shaw, superintendent; Carl Kinney, assistant superintendent; Mrs. Ed Lane, secretary, and James Pate, treasurer.

Report was made at the church meeting that the average attendance at Sunday school and the offerings taken the past year surpassed the previous year's record.

The Rev. John Shaw and Mrs. Shaw spent Sunday at the church grounds at Bellevue preparing the camp for winter.

Solons Eye Study of Drug Cartel

NEW YORK, Oct. 30 (AP)—The New York Herald Tribune said Tuesday it has turned over to the state attorney general a copy of a secret document of a world-wide cartel that rigs drug prices.

The newspaper said it obtained the papers from several sources. It did not elaborate.

In Washington, Sen. Philip A. Hart, D. Mich., said the papers have been received by the committee, which he heads. He said South American drug marketing practices and how U. S. firms are involved has been studied by the subcommittee. He said the cartel has been closed doors for some time.

The Herald Tribune said experts who have reviewed the documents are convinced that the price structure of certain drugs widely marketed in the U. S. is based on international agreements.

Miss Keeler Ordered to Stand Trial

LONDON, Oct. 30 (AP)—Christine Keeler, whose name was in the headlines for her role in the assassination of the British prime minister, Sir Winston Churchill, was ordered to stand trial in Old Bailey on charges that she has sent a discarded lover to jail.

The 21-year-old red-haired girl and three co-defendants all pleaded innocent to conspiracy and perjury counts after a five-day pre-trial hearing and were admitted to bail pending their criminal court trial.

No trial date was set. The trial start could be Nov. 12, the next session at the Old Bailey begins.

Automakers Are Noting High Profits

NEW YORK, Oct. 30 (AP)—Dazzling profit figures are sprouting from the dizzy production and sales pact set by Detroit's automakers.

They gave promise of warming the hearts — and palms — of stockholders, including the more than one million of the General Motors corporation.

Of the "Big Three" automakers, only Ford Motor company managed today to be heard in the following Q&A report of all-time high earnings and dollar sales in the nine months ended Sept. 30.

General corporation last week unveiled another financial chapter in its spectacular. Directors promptly voted a 2-for-1 stock split the second in less than a year, and in effect doubled the dividend.

Q&A pattern of rewarding its shareholders—whether by more liberal dividend treatment or possibly a stock split—will be decided when directors meet Monday in New York.

In the first nine months, GM reared \$1,000,000,000, or \$2.70 a common stock share, an unprecedented sales of \$1,681,000,000.

The results suggested strongly that GM was on the way to matching 1932's record for a full year of \$1,450,000,000 in earnings and \$1,440,000,000 in sales, levels unrequited by any manufacturing corporation.

The nine-month figures compared with 982 million dollars, or \$2.30 a share, cleared in the comparable 1932 period, on sales of \$1,045,000,000.

Wall Street has been alive with speculation over what GM directors will do next week. Many traders and brokers looked at least for a rise in the dividend rate, pegged at 50 cents a quarter since 1930, or a full year-end extra.

Some held hope of a stock split. GM last divided shares in 1935 on a 3-for-1 basis, and before that split 2-for-1 in October 1930.

More Arms

WASHINGTON, Oct. 30 (AP)—The state department says it has evidence that communist forces in Laos have received considerable quantities of supplies and military hardware in recent weeks.

Press office of Henry M. Clay said a new report from the department had some indication of Viet Nam strengthening its ties in the area of the Plain of Jars.

But it is not clear whether these activities pose a communist attack on forces of the north, a "red" government or a "red" attack of the south.

Lecture Set At Filer on Atomic Uses

FILER, Oct. 30 (AP)—A demonstration lecture program, titled "This Atomic World," will be presented in an assembly program at Filer high school, Tuesday, Nov. 5.

The program, sponsored by the United States Atomic Energy Commission, is presented by the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tenn.

The institute is a nonprofit, educational corporation of 39 Southern universities and colleges, operating under contract with the atomic energy commission.

The traveling exhibits units, which visit hundreds of high schools throughout the United States each year, are designed to provide the public with a better understanding of atomic energy.

Kenneth W. Reagles, an exhibits manager who has received special training in nuclear science, will present the program. Reagles holds a bachelor of science degree from Wisconsin State college, LaCrosse.

The demonstrations and lectures are designed specifically to acquaint high school students with the basic principles and uses of atomic energy and to stimulate their interest in science.

Subjects to be covered include atomic structure, the nucleus and radioactivity, radiation biology and fusion and fission. The uses of radioisotopes are also included. The application of these isotopes in agriculture, industry, and medicine is an important aspect of the non-military use of atomic energy. Projections for the use of the atom in rocketry and space travel are also discussed.

After the assembly presentation of exhibits and visual aids, Reagles is available for classroom sessions with science students.

PTA Hears Talk On Discipline

Dr. E. M. Wright talked on "Discipline" at the October meeting of the Morningglow PTA Monday evening.

Dr. Wright said discipline is "the total body of mores and morals we inculcate in our children in the hope they will grow into responsible citizens of our community."

He concluded by saying parents should be confident in disciplining children. They should concentrate on the major issues and let the minor ones go.

National Education week will be observed Nov. 11-16 with a special assembly for parents Nov. 12. Baby sitters will be provided. All parents are urged to attend school during that week.

Confab Urges Congress Act On Water Law

WASHINGTON, Oct. 30 (AP)—The House of Representatives today urged Congress to act on water law.

The request was made by a committee on public lands and water, which is studying the problem of the western states.

Reclamation Starts Slowed by Changed Concept

BY RICHARD CLARK
PHOTO, Oct. 30 (AP)—A change in concept in dam building has slowed the reclamation program in the West.

The change in concept has been a result of the fact that the reclamation program was originally conceived as a means of providing water for irrigation and other uses.

But now, the reclamation program is being viewed as a means of providing water for power and other uses.

This change in concept has resulted in a change in the way the reclamation program is being carried out.

The result has been a slowing down of the reclamation program in the West.

Terrorists Hit Ministry Office

CARACAS, Venezuela, Oct. 30 (AP)—Terrorists burst into the office of the interior ministry Tuesday in a stepped up campaign of burning and looting in an attempt to topple the government of President Romulo Betancourt.

Businesses in Caracas demanded better protection against terrorist attacks.

Police said the terrorists apparently were members of the pro-communist armed forces for national liberation (FALN).

They said the terrorists invaded the identification office of the interior ministry, splashed gasoline around and set the office afire. Firemen prevented major damage.
